#### **OUR HISTORY**

The Talisman Hotel originally called the Uretara Hotel then named the Katikati Hotel and some years later the Talisman, has had many owners and licencee's during the past 137 years.

Sunday - 11.30am - late

The most respected and esteemed proprietor of all those years was a man named Barney MacDonnell. Barney took over the hotel in 1880 and in a very short time he became something of a legend in the area with his advice being sought by all and sundry and his fairness in all discussions being greatly respected.

Here at the Talisman we also pride ourselves on sourcing products locally. This ranges from our meats through to lettuces and garnishes. We believe that in a community we have to look after each other.  $\odot$
